7 Evaluation of the organizations / agencies

The evaluation of the Bidder undertaking Picture and Sound Restoration shall be undertaken separately by NFAI’s technical committee. The Bidder selected for Picture and Sound Restoration should work together and in tandem at all times for the benefit of the project. The subsequent sections elaborates the evaluation methodology for Picture and Sound Restoration related work.

7.1 Picture Restoration

The evaluation of the Bidders shall be done in 3 stages where the Bidders shall be first evaluated against the Pre-Qualification criteria. Only those bidders fully satisfying the Pre-Qualification criteria (Section 6.1) shall be considered for further Technical evaluation (Section 7.1 and 8.1) and Commercial evaluation (Section 10.1). The bids shall be evaluated using the Combined Quality Cum Cost Based system (CQCCBS) selection method as mentioned below:

i. The score secured based on evaluation of the Technical Bid as above shall be the Technical Score of the Bidder (X). Only those Bidders who score a minimum of 85 marks in the Technical Evaluation shall be considered for further evaluation.

ii. The commercial quote shall be evaluated on the basis of total cost offered by the Bidder for the RFP. If there is a discrepancy between words and figures, the amount in words shall prevail. For any other calculation / summation error etc. the bid may be rejected.

iii. The Commercial Quote that is less than or higher than 30% of the median bid price will be disqualified (the median bid price is computed as mentioned in the example on calculating median value below)

Example:

a. The Commercial Quotes of all the Bidders shall be arranged in numerically ascending order.

b. If there are odd number of results, the median will be the middle number of the numerical order.
c. If there are even number of results, the median will be the average of the two central numbers of the numerical order.

d. Illustrative:
   i. If 5 bids are qualified and commercial quotes for these 5 bids are 100, 110, 120.5, 130.2, 140 then the median value would be 120.5
   ii. If 4 bids are qualified and commercial quotes for these 4 bids are 110, 120.5, 130.2, 140 then the median value would be average of two central numbers i.e. 120.5 and 130.2 which is 125.35

   iv. Based on the Commercial Quote given by the Bidder, the Relative Commercial Score (Y), only for the qualifying bidders, will be calculated as below:

      \[
      Y \text{ of the qualifying Bidder} = \frac{\text{Lowest quoted offer of the qualifying Bidders}}{\text{Offer quoted by the respective qualifying Bidder}} \times 100
      \]

      Adjusted to two decimal places

   v. Final Composite Score (Cs) for the Bidders shall be computed considering the Technical Score (X) and Relative Commercial Score (Y) and to be calculated as mentioned below:

      \[
      Cs = (0.70 \times X) + (0.30 \times Y)
      \]

      Where,

      Cs = Final Composite Bid Score

      X = Total Technical score of the qualifying Bidder

      Y = Total Relative Commercial Score of the qualifying Bidder

   vi. The Bidder shall be selected on the basis of the Final Composite Bid Score (Cs) in following manner:

      **Step 1:** NFAI reserves the right to select up to 3 Bidders to execute the work in the following proportion and based on the criteria mentioned below:

      a. 3 bidders selected – Highest Cs would get 50% of the work, Second Highest Cs would get 30% of the work and Third Highest Cs would get 20% of the work
work

b. 2 bidders selected – Highest Cs would get 60% of the work and Second Highest Cs would get 40% of the work

c. 1 bidder selected – Highest Cs would get 100% of the work

Were Cs is the Final Composite Bid Score.

Note:

1) Each of the eligible bidders would have to match L1 price of each individual line item of the commercial bid from the selected Bidders quote.

2) In case, any of the selected Bidder is not ready to match the L1 price of any of the individual line item, the work for that line item shall not be awarded to that Bidder and will be distributed to the other selected Bidders in the proportion already mentioned in the RFP, provided they match the L1 price of that individual line item.

L1 price mentioned above is the lowest commercial quote for an individual line item from the selected Bidder’s quotes. The format of the Commercial proposal format is mentioned in Section 10 of the RFP.

Step 2:

a. **Scenario 1** - In case 3 or more bidders score 85 or above in the technical evaluation
   i. The Final Composite Bid Score (Cs) for the technically qualified Bidders would be calculated as mentioned above (Point v, Section 7)
   ii. The top 3 bidders in order of the Final Composite Bid Score (Cs) would be eligible for award of contract.

Note:

1) Each of the eligible bidders would have to match L1 price of each individual line item of the commercial bid from the selected Bidders quote.

2) In case, any of the selected Bidder is not ready to match the L1 price of any of the individual line item, the work for that line item shall not be awarded to that Bidder and will be distributed to the other selected Bidders in the proportion already mentioned in the RFP, provided they match the L1 price of that individual line item.

L1 price mentioned above is the lowest commercial quote for an individual line item from the selected Bidder’s quotes. The format of the Commercial proposal format is mentioned...
in Section 10 of the RFP.

b. **Scenario 2** – In case 0 or 1 or 2 bidders score 85 or above in the technical evaluation
   
i. The technical cut-off for such a scenario would be reduced to 80 and **Bidders scoring 80 or above** shall be considered for commercial opening.
   
ii. The Final Composite Bid Score (Cs) for the technically qualified Bidders would be calculated as mentioned above (Point v, Section 7)
   
iii. The top 3 bidders in order of the Final Composite Score (Cs) would be eligible for award of contract

**Note:**

1) Each of the eligible bidders would have to match L1 price of each individual line item of the commercial bid from the selected Bidders quote.

2) In case, any of the selected Bidder is not ready to match the L1 price of any of the individual line item, the work for that line item shall not be awarded to that Bidder and will be distributed to the other selected Bidders in the proportion already mentioned in the RFP, provided they match the L1 price of that individual line item.

L1 price mentioned above is the lowest commercial quote for an individual line item from the selected Bidder’s quotes. The format of the Commercial proposal format is mentioned in Section 10 of the RFP.

c. **General Instructions:**

i. In case the Bidder with the Highest Final Composite Bid Score, rejects to accept/undertake the work and match L1 price of each individual line item of the commercial bid, an offer at the sole discretion of NFAI shall be made to the Bidder with next Highest Final Composite Bid Score, so on and so forth

ii. **Errors & Rectification:** Arithmetical errors will be rectified on the following basis: "If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected. If there is a discrepancy between words and figures, the amount in words will prevail".

iii. In the event any Final Composite Bid Score are 'tied', the bidder securing the
The highest Technical Score will be adjudicated as the Best Value Bidder for further consideration as mentioned above (Section 7).

The evaluation committee shall visit the major facility of similar work being carried out by the selected bidder (India / Abroad / International Film Archive of Repute) before award of contract.

### 7.2 Sound Restoration

The evaluation of the Bidders shall be done in 3 stages where the Bidders shall be first evaluated against the Pre-Qualification criteria. Only those bidders fully satisfying the Pre-Qualification criteria (Section 6.2) shall be considered for further Technical evaluation (Section 7.2 and 8.2) and Commercial evaluation (Section 10.2). The bids shall be evaluated using the Combined Quality Cum Cost Based system (CQCCBS) selection method as mentioned below:

i. The score secured based on evaluation of the Technical Bid as above shall be the Technical Score of the Bidder (X). Only those Bidders who score a **minimum of 70 marks** in the Technical Evaluation shall be considered for further evaluation.

ii. The commercial quote shall be evaluated on the basis of total cost offered by the Bidder for the RFP. If there is a discrepancy between words and figures, the amount in words shall prevail. For any other calculation / summation error etc. the bid may be rejected.

iii. Based on the Commercial Quote given by the Bidder, the Relative Commercial Score (Y), only for the qualifying bidders, will be calculated as below:

\[
\text{‘Y’ of the qualifying Bidder} = \frac{\text{Lowest quoted offer of the qualifying Bidders}}{\text{Offer quoted by the respective qualifying Bidder}} \times 100
\]

Adjusted to two decimal places

iv. Final Composite Score for the Bidders shall be computed considering the Technical Score (X) and Relative Commercial Score (Y) and to be calculated as mentioned below:

\[
Cs= (0.70 \times X) + (0.30 \times Y)
\]
Where,

Cs = Final Composite Bid Score

X = Total Technical score of the qualifying Bidder

Y = Total Relative Commercial Score of the qualifying Bidder

v. The Bidder shall be selected on the basis of the Highest Final Composite Bid Score (Cs).

vi. In case the Bidder with the Highest Final Composite Bid Score, rejects to accept/undertake the work, an offer at the sole discretion of NFAI shall be made to the Bidder with next Highest Final Composite Bid Score, so on and so forth.

vii. Errors & Rectification: Arithmetical errors will be rectified on the following basis: "If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected. If there is a discrepancy between words and figures, the amount in words will prevail".

viii. In the event any Final Composite Bid Score are ‘tied’, the bidder securing the highest Technical Score will be adjudicated as the Best Value Bidder for further consideration as mentioned above (Section 7.2).

ix. The evaluation committee shall visit the major facility of similar work being carried out by the selected bidder (India / Abroad / International Film Archive of Repute) before award of contract.
